

THE NEWMAN Company
LOGISTICS & DANCE CLASS REQUIREMENTS FOR THE 2023-2024 SEASON

Logistics:

1. Competitive solos are available upon request. Please be mindful that our schedule fills quickly and available openings for solos are on a first come first serve basis.
2. Prospective company members are able to request to be considered for duets/trios.
 - Solos/Duets/Trios that will be performing/competing in the 2023/2024 season will be scheduled during the week, and will have a weekly 30 minute class time. These classes are required to have a full September-June registration.
 - Competitive Duets/Trios will be chosen at the sole discretion of our company coaches. While we accept requests for partners and genres, our knowledgeable coaches and choreographers will ultimately choose duet/trio partners as well as the genres that they will compete in based on a series of our studio guidelines.
3. Company dances will be a mix of small groups and large groups for the 2023/2024 season.
4. THE NEWMAN Company Coaches and judges will determine who will be in which dances. We ask that you trust our decisions as there are many factors that go into this decision making process.

2023-2024 Class Requirements:

*All of the following requirements can be met with group classes, technique (NON- performing) solos or duo/trios, or a specialized class in that particular genre.

1. Every member of THE NEWMAN Company is required to enroll in a ballet class.
2. Company Members must also enroll in one additional *Technique Class per week*. (Our Technique class this season is “Leaps/Turns/Technique.”)
3. For every style of dance you are competing in, you must be enrolled in a corresponding technical class in that same style. (For example, if you are competing in a lyrical dance, you must be enrolled in a weekly lyrical class. That rule is the same with all genres of competitive dances.)

4. Company members must attend all "Rehearsal Blocks". (This does not include sickness or health concerns.) We will have 2 Saturday Rehearsals a month September-December. January & February we will add a third rehearsal and run it as a team FULL rehearsal. Saturday Rehearsal times will fall between 9:30-1:30. *Due to the high volume of dances expected for the 23/24 season, *some* group dances will be scheduled as weekly 30 minute Rehearsal Blocks. These classes will also be offered at the discounted TNC Rehearsal rate.

5. Company members may not miss more than 2 of each required weekly class, all season long. (This does not include Saturday Rehearsals or weekly Rehearsal Blocks.)
